# **COMPANY PROFILE**

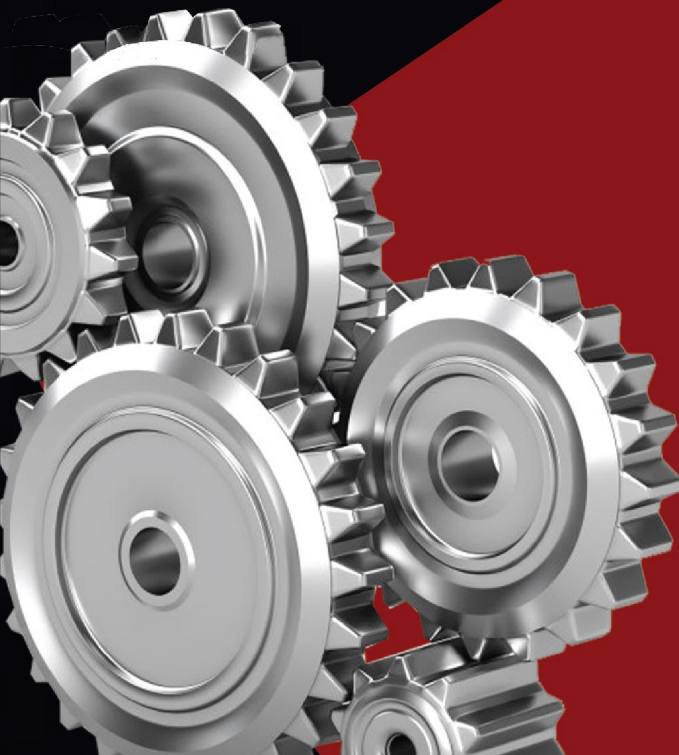

# ABOUT COMPANY

WUHO PETROLEUM PACKAGING SDN BHD is a leading OEM lubricant manufacturer in Malaysia with over 10 years of experience. They specialize in producing high-quality lubricants for automotive, industrial, and specialty applications. Their product range includes engine oils, motorcycle oils, gear transmission fluids, industrial fluids, and additives.

With a focus on customized solutions, they collaborate closely with clients to meet their specific requirements. By utilizing advanced technology and premium base oils and additives, they ensure superior performance and protection.

WUHO PETROLEUM PACKAGING emphasizes quality control, technological advancements, environmental responsibility, and customer satisfaction. Their commitment to excellence is evident in their stringent quality assurance protocols and continuous investment in research and development. They strive to minimize their environmental impact through responsible waste management and resource conservation. With a dedicated team and deep industry knowledge, they provide exceptional customer service and support. As a trusted and preferred partner in the OEM lubricant manufacturing industry, WUHO PETROLEUM PACKAGING has earned a reputation for delivering reliable, high-quality lubricant solutions to their clients.

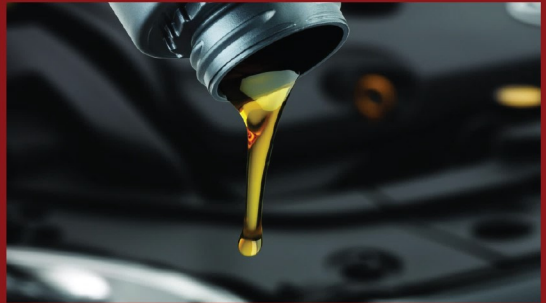

# GOALS & OBJECTIVES

Success depends on creating high-quality lubricants that satisfy or exceed customer expectations. A producer may set goals to enhance the functionality, longevity, and environmental effect of its lubricant products over time. Product development and formulation innovation can help set the business apart from rivals.

# OUR VISION & MISSION

We strive to be the premier OEM lubricant manufacturer, globally recognized for our exceptional quality, innovation, and sustainable practices.

To provide superior quality lubricant solutions, build long-term partnerships, and contribute to the success of our customers by offering reliable, high-performance lubricants.

# PRODUCT RANGE

## ENGINE OILS

## GEAR OILS

## ATF

## BRAKE FLUIDS

The HONCHI lubricants product portfolio is carefully developed to meet the specific requirements of various markets and applications. Our comprehensive range encompasses engine oils, gear oils, brake fluids, coolants, and greases, tailored to suit motorbikes, cars, trucks, and heavy-duty vehicles. We place great emphasis on maintaining the highest standards by regularly assessing and updating our product specifications to align with the latest industry benchmarks.

# COUNTRY

## OUR SALES ALL AROUND THE WORLD

Wuho Petroleum Packaging Sdn Bhd has successfully expanded into multiple countries, increasing sales volume and achieving economies of scale. Through its focus on customer satisfaction, innovation, and strategic partnerships, the company has established itself as a global player in the petroleum packaging industry. It is poised to further strengthen its market presence, drive growth, and contribute to the success of businesses in the countries it operates in.

# CERTIFICATE

## AMERICAN PETROLEUM INSTITUTE (API)

The American Petroleum Institute (API) uses a two-letter system for its specifications. The first letter indicates whether the specification is for gasoline (S) or diesel (C) engines. The second letter follows alphabetical order and represents specific categories or specifications within each engine type. This system helps classify and differentiate lubricants and petroleum products based on their intended use and performance requirements.
